AUTHORITY: §§ 401.101 to 401.107 issued under sec. 416, 63 Stat. 1058; 7 U. S. C. Sup., 1431.

§ 401.101 *General purpose and scope.* This part announces the policies of the Secretary of Agriculture and the Commodity Credit Corporation, hereinafter referred to as CCC, with respect to disposals of food commodities under section 416 and sets forth general requirements indicating how eligible organizations can qualify and obtain food commodities which may be made available for disposition. Section 416 reads as follows:

In order to prevent the waste of food commodities acquired through price support operations which are found to be in danger of loss through deterioration or spoilage before they can be disposed of in normal domestic channels without impairment of the price support program, the Secretary of Agriculture and the Commodity Credit Corporation

are authorized, upon application by the Munitions Board or any other Federal agency and on such terms and under such regulations as may be deemed in the public interest, to make such commodities available to any such agency for use in making payment for commodities not produced in the United States. Any such commodities which are not disposed of pursuant to the foregoing sentence may be made available by the Secretary and the CCC at the point of storage at no cost save handling and transportation costs incurred in making delivery from the point of storage, as follows in the order of priority set forth: First, to school lunch programs; and to the Bureau of Indian Affairs and Federal, State, and local public welfare organizations for the assistance of needy Indians and other needy persons; second, to private welfare organizations for the assistance of needy persons within the United States; third, to private welfare organizations for the assistance of needy persons outside the United States.

§ 401.102 *Administration.* The Production and Marketing Administration, hereinafter referred to as PMA (CCC), of the United States Department of Agriculture will be responsible for administration of section 416 program operations under the direction and supervision of the President of CCC.

§ 401.103 *General conditions.* Food commodities available for disposal under this part will be offered to eligible organizations in the order of priority prescribed in section 416. Where quantity, location, or condition of the commodity make it undesirable for use by agencies having higher priorities, PMA (CCC) may make offers directly to eligible groups with the highest priority which can satisfactorily accept and use the commodities.

Eligible organizations receiving food commodities under section 416 will be required to agree to such terms and conditions as PMA (CCC) considers necessary to insure that disposition of the food commodities will not impair CCC price support operations.

Eligible organizations receiving food commodities under section 416 will maintain such records, and furnish such reports and documentation as are prescribed by the PMA (CCC).

§ 401.104 *Part I—Munitions Board and other Federal agencies.* The Munitions Board and other Federal agencies which desire to utilize available food

commodities in making payment for commodities not produced in the United States shall make written request to the Director, Food Distribution Branch, PMA (CCC), United States Department of Agriculture, Washington 25, D. C., that they be notified concerning proposed food disposals. Those Federal agencies which have previously made such written request to the Director, Price Support and Foreign Supply Branch, PMA (CCC), United States Department of Agriculture, will not be required to renew such request.

As food commodities are determined to be available for disposal pursuant to section 416 to Federal agencies, PMA (CCC), will furnish notifications to all Federal agencies which have submitted written requests. Such notifications will contain pertinent information concerning the commodities available and will indicate the manner in which applications for such commodities are to be submitted. Disposals made under this part will be covered by written agreements between the PMA (CCC) and the Federal agencies specifying the terms and conditions of the transfer.

§ 401.105 Part II—School Lunch Programs, Bureau of Indian Affairs, Federal, State, and local public welfare organizations, private welfare organizations (for United States and Territories). Any quantity of food commodities made available under section 416 which has not been disposed of under Part I (§ 401.104) may be offered to the following organizations in the order of priority set forth:

(a) To School Lunch Programs and to the Bureau of Indian Affairs, and Federal, State, and local public welfare organizations for the assistance of needy Indians, and other needy persons.

(b) To private welfare organizations for the assistance of needy persons within the United States.

Eligible organizations must agree in writing to terms and conditions which will govern disposals before they can receive food commodities under section 416. These terms and conditions will include as a minimum the following specific provisions as well as any other provisions considered necessary by the United States Department of Agriculture:

(1) Eligible organizations will, in accepting offers, take the food commodities from CCC at the point of storage, wherever situated, and will remove such commodities within a reasonable period of time as specified by PMA (CCC).

(2) Eligible organizations will dispose of such food commodities only by dis-

tribution to eligible participants under approved program outlets designated in section 416.

(3) Eligible organizations will not reduce expenditures for food because of the receipt of donated commodities.

Those organizations now operating under agreements with the United States Department of Agriculture to act as its distributing agency for the distribution of section 32 surplus agricultural commodities to School Lunch Programs, and other authorized outlets, may qualify to act as distributing agencies under section 416.

Interested organizations desiring information concerning the program may make written request to the Area Office, Food Distribution Branch, PMA (CCC) serving the State or territory as follows:

Atlanta 3, Ga., 449 West Peachtree Street NE.; Florida, Georgia, North Carolina, South Carolina, Virginia, Tennessee, Mississippi, Kentucky, Alabama.

Chicago 5, Ill., 623 South Wabash Avenue; Illinois, Ohio, Indiana, Iowa, South Dakota, North Dakota, Michigan, Missouri, Minnesota, Nebraska, Wisconsin.

As commodities become available under section 416 for disposal under this part, Area Offices of the Food Distribution Branch will make available general information through State PMA offices. Also the Area offices of the FDB will notify eligible recipient organizations either directly or through their authorized distributing agencies. The notification will include information regarding the quantity of food commodities available, location, deadline date for acceptance, and method of acceptance.

§ 401.106 Part III—Private welfare organizations assisting needy persons outside the United States and its Territories. (b) PMA (CCC) will be responsible for determining the eligibility of private welfare organizations to receive food commodities under section 416. For the purposes of this part, a private welfare organization shall be any United States voluntary non-profit relief agency engaged in assisting needy persons outside the United States. In making this determination, PMA (CCC) will require certification that:

(1) The agency is directed by an active and responsible board of American citizens who serve without compensation

and who have accepted the responsibility of carrying out the activities of the agency.

(2) The agency is not engaged in commercial or political activity and the purposes of the agency's program are in the interest of the United States.

All commodities accepted must be utilized in accordance with the terms and conditions in the Announcement of Availability which will include the following specific conditions:

(1) Eligible organizations will take the food commodities from CCC at the point of storage, wherever situated, and will export such commodities within a reasonable period of time as specified by PMA (CCC).

Correction

In Federal Register Document 50-9859 published at page 7461 of the issue for Tuesday, November 7, 1950, the following changes should be made:

1. In the headnote of § 319.37-1 (1) the footnote reference "" should be inserted after the word "Seeds."

2. Under § 319.37-13 (a), in footnote 3, (2) should read, "(2) that it was inspected by me or under my direction both during the growing season and at the time it was packed and was found, and is believed by me, to be free from injurious insects and plant diseases;".

Chapter VIII—Production and Marketing Administration (Sugar Branch), Department of Agriculture

Subchapter G—Determination of Proportionate Shares

[Sugar Determination 857.3, Rev. 1]

PART 857—PUERTO RICO

1950-51 CROP

Pursuant to the provisions of section 302 of the Sugar Act of 1948, the following determination is hereby issued:

§ 857.3 *Proportionate shares for sugarcane farms in Puerto Rico for the 1950-51 crop*—(a) *Farm proportionate share*. The proportionate share for each farm in Puerto Rico for the 1950-51 crop shall be the amount of sugar, raw value, commercially recoverable from sugarcane grown thereon and marketed (or processed by the producer) for the extraction of sugar or liquid sugar during the 1950-51 crop season.

(b) *Share tenant and share cropper protection*. Notwithstanding the establishment of a proportionate share for each farm under paragraph (a) of this section, eligibility of any producer of sugarcane for payment shall be subject to the following conditions:

(1) That the number of share tenants or share croppers engaged in the production of sugarcane of the 1950-51 crop on the farm shall not be reduced below the number so engaged with respect to the previous crop, unless such reduction is approved by the Director of the Caribbean Area Office of the Production and Marketing Administration, San Juan, Puerto Rico; and

(2) That such producer shall not have entered into any leasing or cropping agreement for the purpose of diverting to himself or other producer any payments to which share tenants or share croppers would be entitled if their leasing or cropping agreements for the previous crop were in effect.

This determination supersedes the Determination of Proportionate Shares for Farms in Puerto Rico for the 1950-51 Crop (15 F. R. 3210).

STATEMENT OF BASES AND CONSIDERATIONS

Requirements of the Sugar Act. Section 302 of the act provides that the amount of sugar with respect to which payment may be made shall be the amount of sugar (raw value) commercially recoverable from the sugarcane grown on a farm and marketed (or processed) for sugar or liquid sugar not in excess of the proportionate share established for the farm. Such proportionate share shall be the farm's share of the quantity of sugarcane required to be processed to enable the producing area to meet its quota (and provide a normal carryover inventory) estimated for the calendar year during which the larger part of the sugar from such crop normally is marketed.

The act also provides that the Secretary shall, insofar as practicable, protect the interests of producers who are share tenants and share croppers.

Review of situation. With indicated marketings totalling 1,235,000 short tons, raw value, and supplies available aggregating approximately 1,380,000 tons, based on a carryover of 90,000 tons on January 1, 1950, and production from the 1949-50 crop estimated at 1,290,000 tons, it appeared last spring that the carryover at the end of 1950 would be well in excess of 100,000 tons. With such a carryover at the start of 1951, it appeared that unrestricted production would result in an excessive and burdensome carryover at the end of 1951. Accordingly, on May 23, 1950, a determination was issued which provided the mechanism for establishing restrictive proportionate shares for the 1950-51 crop. However, after the outbreak of the conflict in Korea the distribution of sugar increased rapidly and on August 23, 1950 the estimate of consumption requirements for the Continental United States was increased to 8,700,000 short tons, raw value, compared with 7,580,000 distributed in 1949. This action, together with a deficit proration, resulted in an increase of 150,545 tons in Puerto Rico's mainland quota, and made possible the marketing of the entire balance of the sugar produced from the 1949-50 crop.

At the present time, it appears that marketings of Puerto Rican sugar in 1951 are likely to be only slightly in excess of 1,000,000 tons. The act provides a basic mainland quota of 910,000 tons. Local consumption will probably approximate the 1950 estimate of 105,000 tons. Increases due to deficit proration are likely to be negligible in 1951. However, current information indicates that production from the 1950-51 crop may fall short of this year's record crop of 1,298,645 tons. Further, a portion of this crop, if produced in November or December, may be marketed against the 1950 quota, thus reducing the quantity likely to be carried over into 1952.

Under ordinary conditions unlimited marketing of sugarcane from the 1950-51 crop would probably result in an excessive carryover at the end of 1951. How-

ever, it would be possible under present conditions to market a part of the new-crop sugar in 1950. Moreover, some indications point to a smaller crop in 1951. Most important, however, the uncertain international situation makes it impossible to foresee future requirements with certainty and makes it inadvisable to keep stocks at as low a level as would appear to be normal under more settled world conditions. In view of these factors, it is deemed unnecessary to restrict production in 1951.

Accordingly, this revised determination establishes as the proportionate share for each sugarcane farm the quantity of sugar commercially recoverable from sugarcane grown thereon and marketed for the extraction of sugar during the 1950-51 crop year.

Tenant and share cropper protection. The provisions designed to protect these classes of producers are continued unchanged.

Accordingly, I hereby find and conclude that the foregoing determination will effectuate the applicable provisions of the Sugar Act of 1948.

PART 225—RESIDENTIAL REAL ESTATE CREDIT

INTERPRETATIONS

Sec.

225.110 House trailers.

225.111 Maximum maturity.

225.112 Short-term construction credits.

AUTHORITY: §§ 225.110 to 225.112 issued under sec. 704, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105. Interpret or apply sec. 602, Pub. Law 774, 81st Cong.

§ 225.110 *House trailers*. The question has been raised whether this part applies to extensions of credit in connection with sales of house trailers. It is the view of the Board that such extensions of credit are subject to this part where the trailers are to be used for dwelling purposes and the wheel assemblies are to be detached and the trailer placed on a foundation constructed on real property.

§ 225.111 *Maximum maturity*. The maturity provision in § 225.7 provides that no credit subject to this part shall have a maturity of more than 20 years (or, in some cases, 25 years) from the date such credit is extended. In trade practice, provision often is made for the payment of the first instalment on a loan on the first day of the second calendar month after the month in which the credit was extended. For example, if

the credit was extended on October 25, the first instalment would become due on December 1.

In order to permit this practice, in calculating the maximum maturity of credit subject to this part, a registrant may, at his option, use any date not more than 32 days subsequent to the date such credit is extended.

§ 225.112 *Short-term construction credits.* In answer to questions that have been raised concerning the exemption in the first sentence of § 225.5 (b) for short-term construction credits having a maturity of not more than 18 months, it is the opinion of the Board (a) that a demand note complies with the 18 months' maturity limitation if it is understood by the parties that payment will be demanded within a reasonable time and in any event within 18 months from the date the credit is extended; and (b) that a note having a maturity of less than 18 months may be renewed pending completion of construction if the date of maturity of the renewal is not more than 18 months after the date the credit originally was extended.

[T. D. 52604]

PART 16—LIQUIDATION OF DUTIES

COUNTERVAILING DUTIES ON SHELLLED ALMONDS FROM SPAIN

The Bureau is in receipt of official information that the Spanish Government discontinued on November 25, 1948, the system theretofore in effect under which a bounty or grant of 6 pesetas per kilogram was paid or bestowed upon the exportation of shelled almonds to the United States. Accordingly, T. D. 52074 of October 21, 1948, imposing countervailing duties, under section 303, Tariff Act of 1930 (19 U. S. C. 1303), on shelled almonds imported directly or indirectly from Spain, is hereby modified so as not to apply to any such merchandise if exported from Spain on or after November 25, 1948.

In the liquidation of entries covering shelled almonds exported from Spain on or after November 25, 1948, no countervailing duties shall be assessed.

Section 16.24 (a), Customs Regulations of 1943 (19 CFR 16.24 (a)), is hereby amended by adding the number of this Treasury decision to the list of Treasury decisions relating to "shelled almonds" from Spain and inserting opposite such number in the action column "Modifies T. PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 801]

1951 SUGAR QUOTAS FOR PUERTO RICO

NOTICE OF HEARINGS ON PROPOSED ALLOTMENT

Pursuant to the authority contained in the Sugar Act of 1948 (61 Stat. 922; 7 U. S. C. 1100), in accordance with the applicable rules of practice and procedure (12 F. R. 8225, 13 F. R. 127, 2063; 7 CFR 801.1 et seq.), and on the basis of information before me, I do hereby find that the allotment of (1) the 1951 sugar quota for Puerto Rico for consumption in the continental United States, (2) the direct-consumption portion thereof, and (3) the 1951 sugar quota for local consumption in Puerto Rico is necessary to prevent disorderly marketing and importation of such sugar

and to afford all interested persons an equitable opportunity to market such sugar in the continental United States and Puerto Rico, respectively, and hereby give notice that public hearings will be held at Santurce, Puerto Rico, in the Conference Room, Caribbean Area Office, PMA, Segarra Building on December 4 and December 5, 1950, at 10:00 a. m. The quotas and portions thereof to be allotted are referred to herein as "mainland quota", "direct-consumption portion" and "local quota", respectively.

The purpose of such hearings is to receive evidence to enable the Secretary of Agriculture to make a fair, efficient, and equitable allotment of the above-mentioned quotas among persons (1) whose Puerto Rican raw sugar is brought into the continental United States or who transfer such sugar for further processing and shipment to the continental United States as direct-consumption sugar, (2) whose direct-consumption sugar is brought into the

continental United States for consumption therein and (3) who market sugar for local consumption in Puerto Rico. The hearing on December 4 will relate to the allotment of the 1951 mainland and local quotas. The hearing on December 5 will relate to the allotment of the direct-consumption portion of the 1951 mainland quota.

The findings made above are in the nature of preliminary findings based on the best information now available. It will be appropriate at the hearings to present evidence on the basis of which the Secretary of Agriculture may affirm, modify, or change such preliminary findings and make or withhold allotment of any such quota or portion thereof in accordance therewith.

Proposal for allotment of mainland and local quotas. The Department will recommend at the hearing that the mainland and local sugar quotas for 1951 be allotted by giving equal weight to each of the three factors specified for consideration in section 205 (a) of the act, measuring each factor as follows:

(1) Processings of sugar or liquid sugar from sugarcane to which proportionate shares, determined pursuant to the provisions of subsection (b) of section 302, pertained, to be measured by production of sugar from 1950-51 crop sugarcane, whether processed in 1950 or 1951.

(2) Past marketings to be measured by annual average mainland and local marketings (including shipments to the Virgin Islands) for the years 1948, 1949 and 1950.

(3) Ability to market to be measured by production of sugar from 1950-51 crop sugarcane. Stocks on hand January 1, 1951, would not be considered. It is expected that virtually no stocks of 1949-50 crop sugar will exist at that time, and any stocks which do exist will have been produced from 1950-51 crop sugarcane.

The method of calculation of allotments would be as follows:

(1) The combined mainland and local allotments for each allottee would be determined by (a) converting each of the three factors measured as indicated above to a percentage of the total of each such factor for all allottees; and (b) multiplying the sum of the mainland and local quotas for Puerto Rico by one-third of the sum of the three percentages so obtained.

(2) The local allotment for each allottee would be calculated by (a) determining the average percentage that local marketings of such allottee (including shipments to the Virgin Islands) were of its total mainland and local marketings in the years 1948, 1949, and 1950; (b) multiplying such percentage by the combined allotments for each allottee determined in (1) above and (c) multiplying the result by a factor obtained by dividing the local quota by the sum of the results obtained for all allottees in (b).

(3) The mainland allotment for each allottee would be calculated by subtracting the local allotment computed under (2) above from the sum of the mainland and local allotments computed in (1) above for the same allottee.

The method of allotment outlined above is the same as that used in 1950 except for the years for which data are included and the weightings given to each of the three factors considered.

In order to provide for early issuance of 1951 allotments it is proposed that an initial allotment order be issued in which "production of sugar from 1950-51-crop sugarcane" would be based on estimates of each allottee's production from such crop. In such order marketings prior to June 1, 1951, would be limited to 75 percent of the calculated allotments. A revised order would be issued when so-called "Easter estimates" of production become available as a basis for such revision. In such a revised order, marketings prior to September 1 would be limited to 85 percent of the allotments or a higher percentage at the discretion of the Secretary. A revised allotment order permitting the marketing of the entire allotments would be based upon final production data.

Data on marketings in 1950 would be preliminary as used in the initial order

and subject to revision for use in subsequent amendments to the order.

It is proposed that the allotment order provide that if settlement with producers of sugarcane is made in sugar, marketings of sugar of such producer shall be charged to the allotment of the processor; that each processor shall reserve a share of each of its allotments for the marketings of each such producer and that such share shall be equal to the same percentage of the allotment that the producer's 1950-51 crop sugar is of the total production of 1950-51 crop sugar by the processor.

Paragraphs (d), *Transfer and exchange of allotments*, and (e), *Specific charges against allotments*, of § 814.3 (15 F. R. 2400) would be included without change in the order allotting the 1951 quotas.

Unless appropriate representation is made at the hearing for the inclusion of others or the correction of the designation or exclusion of some of those listed, the allottees for the mainland and local quotas will be:

Antonio Roig, Sucesores, S. en C.
Arturo Lluberas (estate of) y Sobrinos (San Francisco).
Asociacion Azucarera Cooperativa (Lafayette).
Central Aguirre Sugar Co., a trust.
Central Coloso Inc.
Central Eureka Inc.
Central Guaman Inc.
Central Igualdad, Inc.
Central Juanita, Inc.
Central Mercedita, Inc.
Central Mouserrate, Inc.
Central San Jose, Inc.
Central San Vicente, Inc.
Central Victoria, Inc.
Compania Azucarera del Camuy, Inc.
Compania Azucarera del Toa.
Cooperativa Azucarera Los Canos.
Corporacion Azucarera Sauri & Sabira (Constancia Ponce).
Eastern Sugar Associates, a trust.
Fajardo Sugar Company.
Land Authority of Puerto Rico.
Mario Mercado o Hijos (Rufina).
Mayaguez Sugar Company, Inc. (Roche-laise).
Piata Sugar Company.
Soller Sugar Company.
South Porto Rico Sugar Company of Puerto Rico.

Proposal for allotment of direct-consumption portion of mainland quota. The Department also proposes to allot the direct-consumption portion of the mainland quota for 1951 on the same basis as that used in allotting the direct-consumption portion of the 1950 mainland quota (15 F. R. 2212) except for the substitution of data to reflect the most recent operations.

The allotment of the quota for 1950, after setting aside 900 short tons, raw value, as an unallotted reserve for marketing of raw sugar for direct consumption, was made by giving equal weight to (1) past marketings as measured by average marketings for direct consumption in the continental United States during 1940, 1941, 1948 and 1949 and (2) ability to market as measured by the highest marketings in any of the years 1935 through 1949 for each allottee.

For allotment of the 1951 direct-consumption portion it is proposed to vary this procedure only by measuring past marketings by the average of applicable

marketings during the years 1948, 1949 and 1950 and by adding 1950 to the years for which marketings are considered in determining ability to market.

Unless appropriate representation is made at the hearing for the inclusion of others or the correction of the designation or exclusion of some of those listed, the allottees for the direct-consumption portion will be:

Arturo Lluberas, Estate of, y Sobrinos.
Central Aguirre Sugar Co., a trust.
Central Roig Refining Company.
Porto Rico American Sugar Refinery, Inc.
Western Sugar Refining Company.

Issued this 13th day of November 1950.

Secretary.

16. All applicants who have heretofore filed applications for small tracts under the act of June 1, 1938, on the last described lands shall be allowed a reasonable period of time, in no case less than 30 days, in which to amend their applications to describe other tracts in the classified subdivisions of section 35, T. 5 N., R. 2 E., G. & S. R. NEW MEXICO CLASSIFICATION ORDER

NOVEMBER 10, 1950.

1. Pursuant to the authority delegated to me by the Director, Bureau of Land Management, by Order No. 319 dated July 19, 1948 (43 CFR 50.451) (b) (3), 13 F. R. 4278, I hereby classify under the Small Tract Act of June 1, 1938 (52 Stat. 609), as amended July 14, 1945 (59 Stat. 467, 43 U. S. C. 682a), as hereinafter indicated, the following described lands in the Santa Fe, New Mexico land district, embracing approximately 39 acres,

NEW MEXICO SMALL TRACT CLASSIFICATION ORDER NO. 27

For lease and sale for home, cabin and business site purposes:

T. 20 N., R. 9 E., N. M. P. M.
Sec. 29, W $\frac{1}{2}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$, and W $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ (W $\frac{1}{2}$ Lot 4)

2. The above described lands are situated approximately 5 miles south of Espanola, and 20 miles north of Santa Fe, New Mexico, and lie immediately east of U. S. Highway No. 285 which con-

nects the two towns. The tracts classified are readily accessible from the above mentioned road. Business, educational, religious and recreational facilities are available at both Espanola and Santa Fe. Public utilities are not available and occupants of the lands must supply their own fuel, water and lights. On the basis of nearby stock watering wells, it is believed that a supply of potable water adequate for domestic use may be obtainable at reasonable depths. The topography is level to gently rolling and the soil is sandy. The climate is semi-arid with relatively short cool summers and long winters which are not excessively cold. Several small drainages cross the lands which slope gently to the north.

3. As to applications regularly filed prior to 10:30 a. m., on November 6, 1950, and which are for the type of site for which the land is classified, this order shall become effective upon the date it is signed.

4. As to the land not covered by applications referred to in paragraph 3, this order shall not become effective to permit leasing under the Small Tract Act of June 1, 1938, as amended, until 10:00 a. m., on January 12, 1951. At that time such lands shall, subject to valid existing rights and the terms of existing withdrawals, become subject to application as follows:

(a) Ninety-one day preference period for qualified veterans of World War II, from 10:00 a. m., on January 12, 1951, to the close of business on April 12, 1951.

(b) Advance period for veterans' simultaneous filings from 10:30 a. m., November 6, 1950, to 10:00 a. m., on January 12, 1951.

5. Any of the land remaining unappropriated shall become subject to application under the Small Tract Act by the public generally commencing at 10:00 a. m., on April 13, 1951.

(a) Advance period for simultaneous non-preference right filings from 10:30 a. m., November 6, 1950, to 10:00 a. m., on April 13, 1951.

6. Applications filed within the periods mentioned in 4 (b) and 5 (a) above will be treated as simultaneously filed.

7. A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service, which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based, and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

8. All of the land will be leased in tracts of approximately 5 acres, each being approximately 330 feet by 660 feet.

(a) Preference right leases referred to in paragraph 3, and all other leases,

wherever possible, will be issued for the land described in the application, irrespective of the direction of the tract, provided the tract is described in such a manner that another 5-acre tract will be left intact within the boundaries of the same 10-acre subdivision; i. e., tracts may extend longitudinally north and south or east and west, so long as two of such tracts will completely cover a 10-acre subdivision, as, for example, the SW $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$.

9. Leases will be for a period of three years.

(a) Where applications are filed for homesites only, the annual rental of \$5.00 will be payable for the entire lease period in advance of the issuance of the lease.

(b) Where applications are filed for business sites only, a minimum rental of \$20.00 per annum shall be charged, payable for the first year in advance of the issuance of the lease, and payable for all succeeding years not later than 30 days in advance of the expiration of the preceding lease year, or the entire rental for the 3-year lease period may be paid in advance, at the option of the lessee.

(c) In any and all cases where applications are filed and leases issued for business sites only, the \$20.00 business rental shall be the minimum rental for that purpose, and the lessee shall be obligated to pay additional rental at the rate fixed in the schedule of rentals in effect at the date of approval of his lease if the gross receipts from the business conducted on the leased tract shall exceed \$2,000.00 per annum. Such lessees, or their authorized representatives, shall, within 60 days after the expiration of each lease year, submit to the Manager of the Land and Survey Office, Santa Fe, New Mexico, a statement of the amount of the gross receipts for the preceding lease year. Authorized representatives of the Department of the Interior shall at all times, within customary business hours, have the right to inspect and examine the lessee's accounts, and to inspect the premises leased.

10. Leases issued hereunder will contain an option to purchase clause at the appraised value of \$50.00 per tract, application for which may be filed at or after the expiration of one year from the date of issuance of the lease: *Provided*, That improvements appropriate to the purpose for which the lease is issued and which meet with the approval of the Regional Administrator shall have been constructed upon the land prior to the filing of the application for purchase.

(a) Leases issued under the terms of this order shall not be subject to assignment unless and until improvements as mentioned above in this paragraph shall have been completed.

(b) Leases for lands upon which the improvements above mentioned shall not have been constructed at or before the expiration thereof shall not be renewed.

11. Lessees and/or their successors in interest shall comply with all Federal, State, County and municipal laws and ordinances, especially those governing health and sanitation, and failure or refusal to do so may be cause for cancellation of the lease in the discretion of

the authorized official of the Bureau of Land Management.

12. Rights-of-way for road and street purposes are reserved as follows:

(a) Rights-of-way 33 feet in width are reserved from or near the edge of each 5-acre tract.

(b) The last mentioned rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to issuance of patent. If not so located, they may be subject to location after patent has been issued. The said last mentioned rights-of-way may be utilized by the Federal Government, or the State, County or municipality in which the tract is situated, or by any agency thereof.

13. All leases and patents issued shall contain a reservation to the United States of all fissionable material sources, and all minerals, together with the right to prospect for, mine and remove the same under applicable laws and regulations.

14. Survey of individual tracts shall be at the expense of the applicant.

15. All inquiries regarding these lands shall be addressed to the Manager, U. S. Land and Survey Office, Post Office Building, Santa Fe, New Mexico.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-177; 59-91]

PENNSYLVANIA GAS & ELECTRIC CORP. ET AL.

NOTICE OF FILING OF AMENDMENT TO PLAN
AND NOTICE OF AND ORDER RECONVENING
HEARINGS IN CONSOLIDATED PROCEEDINGS

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 10th day of November A. D. 1950.

In the matter of Pennsylvania Gas & Electric Corporation, North Penn Gas Company, Allegany Gas Company, Dempseytown Gas Company, Alum Rock Gas Company, Penn-Western Service Corporation (applicants), File No. 54-177; Pennsylvania Gas & Electric Corporation and its subsidiary companies (respondents), File No. 59-91.

Pennsylvania Gas & Electric Corporation ("Penn Corp"), a registered holding company, having heretofore filed with this Commission, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 (the "act"), a plan for its liquidation and dissolution consisting of Part I and Part II; public hearings having heretofore been held on said plan, and the Commission on August 1, 1950, having approved Part I providing for the retirement of Penn Corp's outstanding 6 percent gold debentures, series A, due March 1, 1976 ("Debentures") by redemption thereof on September 1, 1950, at the redemption price of 105 percent and accrued interest; and the Commission having reserved jurisdiction with respect to Part II, which provides for (a)

the allocation of the assets of Penn Corp remaining after the retirement of said Debentures to the holders of Penn Corp's various classes of preferred and common stocks, the specific proportion of such allocation to be supplied by further amendment to Part II, and (b) the dissolution of Penn Corp;

Notice is hereby given that Penn Corp and certain of its subsidiary companies have filed, pursuant to section 11 (e) of the act, an amendment to Part II which, among other things, specifies Penn Corp's proposed allocation of its remaining assets among its various classes of preferred and common stocks, and provides for (a) the merger of its four public utility subsidiaries which operate solely in the State of Pennsylvania, namely, Allegany Gas Company, ("Allegany"), Dempseytown Gas Company ("Dempseytown"), Alum Rock Gas Company ("Alum Rock"), and North Penn Gas Company ("North Penn"), the last mentioned company to be the surviving company, (b) the transfer to North Penn of all the common stock of the only other public utility subsidiary of Penn Corp, Crystal City Gas Company, which operates solely in the State of New York, and (c) the dissolution of Penn Corp.

Penn Corp's outstanding securities consist of 20,000 shares of \$7 cumulative preferred stock without par value and 10,000 shares of 7 percent cumulative preferred stock of \$100 par value, 112,223 shares of Class A common stock, and 224,446 shares of Class B common stock, such common stocks being without par value. The preferred stocks are of equal rank in all respects, and as of September 30, 1950, cumulative unpaid dividends on the preferred stocks aggregated \$86.12½ per share. The Class A common stock, which ranks junior to the preferred stocks, has a non-cumulative dividend preference of \$1.50 per share annually over the Class B common stock.

All interested persons are referred to Part II which is on file in the office of this Commission for a full statement of the transactions therein proposed which are summarized as follows:

Step A. Allegany, Dempseytown and Alum Rock will merge into North Penn, which will become the surviving company. Prior to such merger, Dempseytown, a corporation organized under the laws of West Virginia, will be domesticated under the laws of the State of Pennsylvania. Authorized capital stock of North Penn will consist of 800,000 shares with a par value of \$5 per share, of which 450,000 shares will be issued to Penn Corp in exchange for its present investment in North Penn.

Step B. 1. Penn Corp will distribute assets to its security holders as follows:

(a) To the holders of Penn Corp's \$7.00 and 7 percent cumulative preferred stocks, 450,000 shares of the new capital stock of North Penn on the basis of 15 shares thereof for each share of preferred stock of Penn Corp.

(b) To the holders of Penn Corp's Class A common stock, cash in the amount of \$2.00 per share of such stock or a total of \$224,446.

(c) To the holders of Penn Corp's Class B common stock, cash in the amount of ten cents per share of such stock or a total of \$22,406.70. The shares of such Class B common stock held in the treasury of Penn Corp will not participate and will be canceled.

2. Distribution of the capital stock of North Penn (including any dividends paid thereon) to the holders of Penn Corp's preferred stocks and of cash to the holders of Penn Corp's Class A and Class B common stocks, as above provided, shall be made only upon surrender or assignment and transfer to Penn Corp, or to its duly authorized agency, of the certificates for such shares of stock within a period of five years from the date of consummation of Step B. Shares of preferred stock and of Class A and Class B common stock not so surrendered or exchanged within such five-year period shall, on the expiration of such period, become void for all purposes and all rights of the holders thereof shall cease. Upon the expiration of such five-year period, shares of capital stock of North Penn and any dividends paid thereon, together with all undistributed cash remaining unclaimed at the end of such five-year period shall be surrendered to North Penn as a capital contribution.

3. On and after the date of consummation of Step B, the preferred stocks and the Class A and Class B common stocks of Penn Corp shall cease to exist and the holders of outstanding certificates therefor shall be entitled to receive only the securities and cash as above provided, and shall have no other or further rights.

4. The expiration date of the period during which the holders of Penn Corp's Debentures which have not been surrendered pursuant to the calls for redemption on September 1, 1946, and September 1, 1950 (including the holders of matured and unpaid interest coupons on Debentures) may receive payments thereon shall be five years from the date of consummation of Step B. The expiration date of the period during which the holders of North Penn's bonds which have not been surrendered pursuant to the calls for redemption on November 1, 1950, or prior thereto (including the holders of matured and unpaid interest coupons on bonds) may receive payments thereon shall be five years from the date of consummation of Step B.

5. Penn Corp will donate its holdings in Penn-Western Service Corporation, the service company for the Penn Corp holding company system, to North Penn and Penn-Western Service Corporation will be promptly liquidated and dissolved.

6. After the payment, or provision for the payment, of all the liabilities and expenses of Penn Corp, any remaining assets of Penn Corp, including cash, shall be surrendered to North Penn, and Penn Corp will thereupon be dissolved.

7. The effective date of Step B shall be the tenth day following the entry of an order by an appropriate District Court of the United States approving and enforcing the terms and provisions of Step B, unless a stay of execution of such enforcement order shall have been

granted by the District Court or by an appropriate appellate court, in which event the effective date of Step B shall be fixed by the Board of Directors of Penn Corp and shall be a date as soon as practicable after the termination of such stay.

8. The date of consummation of Step B shall be fixed by the Board of Directors of Penn Corp and shall be not less than thirty days nor more than forty days after the effective date of Step B.

Provision is made in Step B for periodic notices to stockholders of Penn Corp and to the known holders of the Debentures of Penn Corp and of the bonds of North Penn, including known holders of interest coupons on such Debentures and bonds, and for efforts to locate such persons and inform them of their rights to distributions under the plan.

Penn Corp will pay such fees and expenses and other liabilities in connection with Part I and Part II, including Step A and Step B, or proceedings with respect thereto as the Commission shall determine, award or allocate.

Consummation of Step A and Step B is conditioned upon specified findings and a specified order to be made by the Commission and other action to be taken by the Commissioner of Internal Revenue; the consummation of Step B is further conditioned upon other action to be taken by the Commission and upon the entry of an order by an appropriate District Court of the United States approving Step B and enforcing and carrying out the terms and provisions thereof.

The Commission being required by the provisions of section 11 (e) of the act, before approving any plan thereunder, to find after notice and opportunity for hearing that the plan as submitted or as modified is necessary to effectuate the provisions of subsection (b) of section 11, and is fair and equitable to the persons affected thereby, and it appearing that notice should be given and a hearing held on the plan for Penn Corp's liquidation and dissolution:

It is ordered, That the hearing in these consolidated proceedings be reconvened on November 29, 1950 at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., in such room as may be designated on that day by the hearing room clerk in Room 193. In the event that amendments to the plan of liquidation and dissolution are filed during the course of such proceedings no notice of such amendments will be given unless specifically ordered by the Commission. Any person desiring to receive further notice of the filing of any amendments should request such notice of Penn Corp. Any person who has not heretofore entered his appearance desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of the Commission, on or before November 27, 1950, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift, or any other officer or officers designated by it for that purpose shall preside at such hearing. The officer so designated is hereby authorized to exer-

cise all powers granted to the Commission under section 16 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of Part II of Penn Corp's plan and that, on the basis thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters or questions upon further examination:

1. Whether the transactions proposed in Part II of the plan, as submitted or as they may be amended, are necessary or appropriate to effectuate the provisions of section 11 (b) of the act and are fair and equitable to the persons affected thereby.

2. Whether the proposed allocation of Penn Corp's assets is fair and equitable, and, in particular, whether the allocation of new common stock of North Penn or cash proposed to be made to any class of Penn Corp's stocks should be modified.

3. Whether the allocation of any cash to stockholders of Penn Corp is appropriate and feasible, and, if so, whether cash should be allocated exclusively to the preferred stockholders.

4. Whether the accounting entries in connection with the proposed transactions are appropriate in the light of the standards of the Act and in accordance with sound accounting principles.

5. Whether the fees or expenses or other remuneration which may be claimed in connection with the plan for Penn Corp's liquidation and dissolution, or any part or step thereof, and transactions incident thereto, are for necessary services and are reasonable in amount.

6. Whether, and to what extent the plan, as submitted or as amended, should be modified, or terms or conditions imposed to ensure adequate protection of the public interest and of the interest of investors or consumers, and to prevent circumvention of the act and the rules and regulations thereunder.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing copies of this order by registered mail to Penn Corp, North Penn, Allegany, Dempseytown, Alum Rock, Crystal City Gas Company and Penn-Western Service Corporation, and to the Federal Power Commission, the New York Public Service Commission and the Pennsylvania Public Utility Commission, and to all parties of record and all persons granted leave to be heard in the proceedings on the plan of liquidation and dissolution; that notice shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases under the act, and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That Penn Corp shall mail a copy of this notice and order

to each of its security holders, including the holders of the aforementioned unsundered Penn Corp Debentures and North Penn bonds and of matured and unpaid interest coupons (insofar as the identity of such holders is known or available to Penn Corp), at least 15 days prior to the date set for hearing.

It is further ordered, That jurisdiction be and is hereby continued to be reserved to separate, either for hearing, or for disposition, in whole or in part, any of the issues, questions or matters hereinbefore set forth or which may arise in this proceeding, or to consolidate with this proceeding other filings or matters pertaining to Part II or any step thereof, or to take such other action as may appear necessary or appropriate to an orderly, prompt and economical disposition of the matters involved.

By the Commission.

The Commission, by order dated October 27, 1948, having granted an application, as amended, filed by Michigan-Wisconsin Pipe Line Company ("Michigan-Wisconsin"), a subsidiary of American Natural Gas Company (formerly American Light & Traction Company) a registered holding company, with respect to the issue and sale by Michigan-Wisconsin of \$66,000,000 principal amount of 3% percent First Mortgage Pipe Line Bonds, to Metropolitan Life Insurance Company and The Mutual Life Insurance Company of New York, \$12,000,000 principal amount of which bonds were to be issued immediately and the remaining \$54,000,000 principal amount from time to time during the year 1949; and

The Commission having by orders issued April 19, 1949, and May 19, 1950, released jurisdiction with respect to said fees and expenses, excepting as to the fees of the various counsel, and having continued the reservation of jurisdiction with respect to counsel fees and expenses because the record at the dates of said orders was incomplete with respect thereto; and the record having been subsequently completed with respect to such counsel fees; and

NEW ENGLAND ELECTRIC SYSTEM ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 8th day of November A. D., 1950.

In the matter of New England Electric System, Athol Gas and Electric Company, Central Massachusetts Electric Company, Gardner Electric Light Company, The Spencer Gas Company, Wachusett Electric Company, Winchendon Electric Light and Power Company, Worcester Suburban Electric Company, Worcester County Electric Company, Leominster Gas Light Company, Athol Gas Company, Central Massachusetts Gas Company, Blackstone Gas Company; File No. 70-2514.

Notice is hereby given that New England Electric System ("NEES"), a registered holding company, and the above entitled subsidiary companies thereof have filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935. All interested persons are referred to said application-declaration which is on file in the offices of the Commission for a statement of the transac-

tions therein proposed which are summarized as follows:

The application-declaration involves the separation of the gas properties of the applicants-declarants for subsequent disposal and the merger of their electric properties into one company. It is proposed to separate the gas properties from the electric properties of Athol Gas and Electric Company ("Athol"), The Spencer Gas Company ("Spencer"), Wachusett Electric Company ("Wachusett"), Worcester Suburban Electric Company ("Worcester Suburban"), and Worcester County Electric Company ("Worcester County"). In connection with this proposal, NEES has caused three new gas companies to be organized, namely, Athol Gas Company ("New Athol Gas"), Central Massachusetts Gas Company ("New Central Massachusetts Gas"), and Blackstone Gas Company ("New Blackstone Gas"), and will cause Leominster Gas Light Company to change its name to Wachusett Gas Company ("Wachusett Gas"). Immediately following said separation of the gas properties, it is proposed to merge Athol, Spencer, Wachusett, Worcester Suburban, Central Massachusetts Electric Company ("Central Massachusetts"), Gardner Electric Light Company ("Gardner"), and Winchendon Electric Light and Power Company ("Winchendon") into Worcester County.

All of the capital stock of Athol, Central Massachusetts, Spencer, Wachusett, Worcester County, and Wachusett Gas is owned by NEES which also owns 62.98 percent, 99.69 percent, and 99.07 percent of the common stock of Gardner, Winchendon, and Worcester Suburban, respectively. The subsidiary companies have outstanding only one class of stock, namely, common stock, except Gardner, which has outstanding 2,413 shares of 5 percent \$100 par value non-callable preferred stock, all of which is in the hands of the public.

In order to effect the separation of the gas properties, Athol will transfer to New Athol Gas, Wachusett will transfer to Wachusett Gas, Spencer and Worcester County will transfer to New Central Massachusetts Gas, and Worcester Suburban will transfer to New Blackstone Gas, respectively, all of their gas properties and, in exchange, New Athol Gas, Wachusett Gas, New Central Massachusetts Gas, and New Blackstone Gas, respectively, will concurrently issue shares of their capital stock (or fractional scrip) to the stockholders of the transferor companies. In connection with the proposed separation of the gas properties, NEES will surrender for cancellation shares of capital stock of the transferor companies in an amount equal to the par value of the new shares of capital stock issued by New Athol Gas, Wachusett Gas, New Central Massachusetts Gas, and New Blackstone Gas, and the transferor companies will reduce their capital stock by a like amount. In addition, NEES will offer to purchase the fractional scrip to be issued by New Blackstone Gas.

In order to effect the merger, Worcester County, will issue 366,571 additional shares of \$25 par value common

stock. Pursuant to an exchange proposal, the shareholders of the companies entering the merger will be entitled to such shares. Initially, NEES will acquire 355,040 shares and the public shareholders of the companies entering the merger will be entitled to 11,531 shares. For the benefit of the public shareholders who prefer cash, NEES will offer to purchase shares of companies participating in the merger. The terms of the exchange proposal and the alternative cash offer are as follows:

For each share of—	Exchange proposal: shares of Worcester County common, \$25 par value	Alternative cash offer per share
Gardner 5 percent preferred stock, \$100 par value	134	\$122.50
Gardner common stock	2	140.00
Winchendon common stock	2	140.00
Worcester Suburban common stock	1	70.00

In addition, each holder of one share of Worcester Suburban common stock will be entitled to 36/10,000 of a share of New Blackstone Gas. No fractional shares will be issued by Worcester County or New Blackstone Gas in connection with the exchange proposal but in lieu thereof Worcester County and New Blackstone Gas will issue to the stockholders of the companies participating in the merger and entitled thereto scrip certificates representing such fractional shares. The holder of such scrip certificates may at any time within one year following the effective date of the merger surrender to Worcester County scrip certificates aggregating one or more full shares and receive in exchange therefor from Worcester County stock certificates for the number of full shares called for by such scrip certificates and, where necessary, a new scrip certificate for the fractional share balance. For the convenience of those public holders who wish to sell fractional scrip of Worcester County or New Blackstone Gas, NEES will make an offer to purchase such fractional scrip on the basis of \$70.00 and \$40.00 per full share, respectively, such offers to remain in force for 60 days following the effective date of the merger.

As a result of the proposed merger, the capital structure of Worcester County will consist of \$5,500,000 of First Mortgage Bonds, \$8,895,000 of notes and advances payable and \$23,711,882 of common equity. The application-declaration states that it is contemplated that subsequent to the effective date of the merger Worcester County will issue \$12,000,000 principal amount of additional First Mortgage Bonds for the purpose of financing permanently the bank borrowings and indebtedness to NEES of the companies participating in the merger. However, Worcester County does not, at this time, seek Commission authorization of said anticipated bond issue.

The application-declaration has designated sections 6 (b), 9 (b) (1), 10 and 12 (f) of the act and Rules U-43 and U-50 promulgated thereunder as being applicable to the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that the joint application-declaration should not be granted or permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on said matters, under the applicable sections of the act and rules and regulations promulgated thereunder, be held at 10 a. m., e. s. t., on the 28th day of November, 1950, in the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 193 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings should file with the Secretary of the Commission on or before November 24, 1950, his request or application therefor as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a Hearing Officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the joint application-declaration, and that upon the basis thereof the following matters and questions are presented for consideration by the Commission without prejudice as to presentation of additional matters and questions upon further examination:

1. Whether the securities proposed to be issued by the new gas companies in connection with the proposed separation of the gas properties are reasonably adapted to the earning power of such gas companies, to the security structures of such companies and of NEES and other companies in the same holding company system, and whether the proposed issuance of such securities is necessary and appropriate to the economical and efficient operation of the gas business in which such companies will be engaged;

2. Whether the terms and conditions of the issuance of the new common stock by the new gas companies are in any way detrimental to the public interest or the interest of investors or consumers;

3. Whether the securities proposed to be issued in connection with the proposed merger are reasonably adapted to the earning power of the merged company, Worcester County, to the security structure of Worcester County and of NEES and other subsidiary companies in the NEES holding company system, and whether such securities are necessary and appropriate to the economical and efficient operation of the electric business in which the merged company, Worcester County, will be engaged;

4. Whether the terms and conditions of the issuance of the new stock by the merged company, Worcester County, are in any way detrimental to the public interest or the interests of investors or consumers;

5. Whether the exchange proposal and the alternative cash offer by NEES for the shares of the subsidiary companies entering into the merger are in all respects fair and reasonable and in conformance with the applicable standards of the act;

6. BANKERS SECURITIES CORP. AND HEARN
DEPARTMENT STORES, INC.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 10th day of November A. D. 1950.

Notice is hereby given that Bankers Securities Corporation ("Bankers") located at No. 1315 Walnut Street, Philadelphia 7, Pennsylvania, an investment company registered under the Investment Company Act of 1940, has filed an application pursuant to section 17 (b) of the act for an order of the Commission exempting from the provisions of section 17 (a) of the act the proposed sale to Bankers by Hearn Department Stores, Inc. ("Hearn"), located at No. 74 Fifth Avenue, New York, New York, an affiliated person of Bankers, of all shares of its 5 percent cumulative convertible preferred stock which may be unsubscribed pursuant to a general offering of such stock by Hearn to the holders of all shares of its common stock.

Bankers is a closed-end, non-diversified, management investment company registered under the act. Bankers owned on September 30, 1950, 113,478 shares or 39.89 percent of the outstanding common stock of Hearn. Accordingly, Hearn is an affiliated person of Bankers.

A loan commitment has been negotiated by Hearn with the First National Bank of Boston in the amount of \$2,000,000 to bear interest at the rate of 3½ percent per annum. As a principal condition of the loan commitment, Hearn has undertaken to obtain prior to January 31, 1951, at least \$1,000,000 in cash less reasonable expenses and discounts through the issuance and sale of a convertible preferred stock, or of a subordinated obligation. The preferred which it is proposed to authorize, if authorized by stockholders, will be offered by Hearn to holders of its common stock for subscription at the par value thereof, on the basis of one share of preferred stock for each seven shares of common stock held. Bankers has agreed to waive its subscription rights for preferred stock with respect to 4,413 shares of common stock, but proposes to exercise subscription rights with respect to all other shares of

the Hearn's common stock which it owns. In order that Hearn may be assured all shares of its preferred stock will be sold prior to January 31, 1951, the expiration date of the Bank's commitment to make the loan, Hearn proposes to enter into a standby agreement with Bankers in consideration of a fee of \$30,000 in addition to out-of-pocket expenses and counsel fee, whereby Bankers will agree to purchase at the offering price such number of shares of preferred stock as may not be subscribed for by the holders of the common stock.

The sale by Hearn, an affiliated person of Bankers, to Bankers, a registered investment company, under a standby agreement, of all shares of the Hearn preferred stock which may be unsold as a result of the general offering of such stock by Hearn to the holders of its common stock, is prohibited by section 17 (a) of the act unless an order of the Commission exempting such transaction is granted by the Commission, pursuant to section 17 (b) of the act, finding that (1) the terms of the proposed transaction, including the consideration to be paid or received, and the proposed payment to Bankers of a fee of \$30,000 in addition to out-of-pocket expenses and counsel fee, are reasonable and fair and do not involve overreaching on the part of any person concerned; (2) the proposed transaction is consistent with the policy of the registered investment company concerned as stated in its registration statement and reports filed under the act; and (3) the proposed transaction is consistent with the general purposes of the act.

All interested persons are referred to said application which is on file at the Washington, D. C., office of this Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued by the Commission at any time after November 29, 1950, unless prior thereto a hearing on the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than November 27, 1950, at 5:30 p. m., e. s. t., in writing, submit to the Commission his views or any additional fact bearing upon the application or the desirability of a hearing thereon or request the Commission, in writing, that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, No. 425 Second Street NW., Washington 25, D. C., and should state briefly the nature and interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

NATIONAL ASSOCIATION OF SECURITIES DEALERS, INC.

NOTICE OF TIME FOR FILING WRITTEN REQUEST FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 10th of November 1950.

The National Association of Securities Dealers, Inc., a registered securities association (hereinafter referred to as the Association), has filed with this Commission an application for approval of the admission of O. H. Hecht, a sole proprietor, to membership in the Association, pursuant to the provisions of section 15A (b) (4) of the Securities Exchange Act of 1934, as amended.

Among other things the application states that:

1. O. H. Hecht is presently registered with the Commission as a broker and dealer under section 15 (b) of the Securities Exchange Act of 1934, and maintains his principal place of business in Washington, D. C.

2. On November 17, 1941, Mutual Investments, Ltd., a registered broker and dealer under the said section 15 (b), of which O. H. Hecht was a partner, was expelled from membership in the National Association of Securities Dealers, Inc., for conduct inconsistent with just and equitable principles of trade.

3. On September 11, 1950, O. H. Hecht filed an application with the Association for admission to membership.

4. The District Committee for District No. 11 and the Board of Governors of the Association have reviewed the record in the proceedings resulting in the aforesaid expulsion from the Association and are of the opinion that the subsequent activity of O. H. Hecht and his general reputation in the business community are such that the subject application should be made by the Association to the Securities and Exchange Commission for approval of his admission to membership in the Association. It is their conclusion that such an approval by the Securities and Exchange Commission would be consonant with the stated purposes and policies of section 15A of the said act.

Under the provisions of section 15A (b) (4) of the Securities Exchange Act of 1934, as amended, and Section 2 of Article 1 of the Association's Bylaws, because of the expulsion of Mutual Investments, Ltd. from the Association, O. H. Hecht may not be admitted to membership in the Association, except with the approval of the Commission based upon a finding that such an approval is appropriate in the public interest.

Notice is hereby given that any interested person may informally present his views or any information relating to this matter by communicating with E. Russell Kelly, Regional Administrator of the Commission's Washington Regional Office, located at 425 Second Street NW., Washington 25, D. C., on or before December 4, 1950, and that within the same time any person, desiring that a formal

hearing be held, may file with the Secretary of the Commission a written request to that effect together with a brief statement of the nature of his interest in the proceeding and the position which he proposes to take. In the absence of such a request by any person having a bona fide interest in the proceedings, the Commission will either set the matter down for hearing on its own motion after appropriate notice, or if it should appear appropriate to do so, will grant the application on the basis of the record and without formal hearing.

This notice shall be served on O. H. Hecht and the Association not less than fifteen (15) days prior to December 4, 1950, and published in the FEDERAL REGISTER in the manner prescribed by the Federal Register Act not later than fifteen (15) days prior to December 4, 1950.

By the Commission.

Secretary.
